

## Success With The Shaklee Income System –

1. Join Shaklee with a one- time sign up fee of \$20 - there is no annual renewal fee.
2. To get your income started, purchase a minimum of one product each month. Choose from products you are already using such as Laundry Powder, Dishwashing Liquid, Shampoo and Basic Cleaners. These products are concentrated and will last at least 3 months each, which makes their cost (including shipping) very competitive with the brand names.
3. Flyer
  - A. Hand out or email this flyer to 30 people and ask them to read it and listen to the 7-minute **TOLL FREE MESSAGE (888-813-1119)**. But try to distribute as many as possible – even up to 100.
  - B. In a day or two call them back and ask them what they thought about it.
  - C. If they are not interested thank them for their time and move on to the next person.
  - D. If they are interested tell them the answers to any questions they have will be answered on our conference calls:

**Tuesday and Thursday nights**  
**8:30 PM Central Time**  
**Phone - 712-432-3973**  
**PIN – 396829#**

**The major reason this works is this:** There are many people today looking for a way to make more money. But most don't want to get involved with something that costs a lot of money, takes up a lot of their time or requires them to be a salesman. And that's why this is so simple.

**This is a simple process that anyone can start their first day!**
