

Income Potential

Three Steps to Success:

1. Purchase a Shaklee lifetime membership for only \$20 - there is no annual renewal fee.
2. Purchase a minimum of one Shaklee product each month, replacing the same product you are now buying from Wal-Mart. If you follow our system, our products will cost \$5 to \$6 more each month than Wal-Mart brands. This is not a big cost when you consider you have the opportunity to make thousands of dollars each month.
3. Sponsor others.

Potential: Assume you sponsor 4 members and each sponsors 4 through 7 levels, with each member buying just one product a month, and you earning an average of \$6 per product.
